

# Biostatistics Data & Lab Search Tool

## John Kloke

**Problem:** Find some (biostatistics) datasets and make up some labs (cases) for them.

**Examples:** <http://www.cs.pomona.edu/~john/bioquest/data/>

**Example Lab:** <http://www.cs.pomona.edu/~john/bioquest/data/birdflu/lab1.pdf>

**Future Work:** Create a data search tool (website) for

1. upload of data
2. creation of labs

Issues:

Which software?

Which permissions?

What are biostat teachers interested in?
